MFL Intent

Our MFL curriculum is designed to progressively develop children's skills in languages through regular taught lessons across key stage 2. Children acquire, use and apply a growing bank of vocabulary organised around topics, enabling them to speak with growing confidence and write for a range of purposes. We encourage our children to have a love of languages, and aim to achieve this by nurturing a linguistic curiosity and a motivation to explore and respect other cultures and people in order to become global citizens.

As linguists, the children will develop their knowledge and skills in the areas of reading fluently, writing imaginatively and speaking confidently within each unit.
