

Curriculum Intent and Breadth Map - Geography

Geography Intent

We aim to cultivate an environment within which children can become critical geographers, building their knowledge of people, places and resources. We want to inspire our pupil's curiosity and fascination of the world in which they live and to develop their local geographical identity. Children will become competent in the knowledge and skills needed to have an awareness of the environment they live in and their responsibilities in reducing the impact of their carbon footprint.

As geographers, the children will develop their knowledge and skills in the areas of **investigating patterns, investigating places and communicating geographically**. In each phase the children will explore their locality, European and non-European countries and carryout field study work.

		Autumn	Spring	Summer
Key Stage 1	Year 1	Weather Patterns	Let's explore the United Kingdom (Weather Patterns Revisit - Spring)	Our School and it's Locality (Weather Patterns Revisit - Summer)
	Year 2	Our Wonderful World	Let's go on Safari - Kenya	Visit St Ives, Cornwall (Weather Patterns Revisit - Summer)
Lower Key Stage 2	Year 3/4 (Cycle A)	Mountains & Water Cycle	Lake District	Rivers
	Year 3/4 (Cycle B) Not for 22-23	Extreme Earth	South America & Rainforests	Somewhere to Settle
Upper Key Stage 2	Year 5	Trading and Economic activity	The United Kingdom	Our Local area and how it's changed
	Year 6	Our European Neighbours (Study of Switzerland)	All Around the World (How does this apply to Australia?)	Investigating Coasts (Whitby)
